

SPOT LED SMD HIGH LIGHT SERIES ML SPS10

- Lamp housing is high quality Aluminum die-casting, electrostatic sprayed surface

IP44 anti fog and dust as silicon pad design

LED SMD lamps, it has a large emitting square

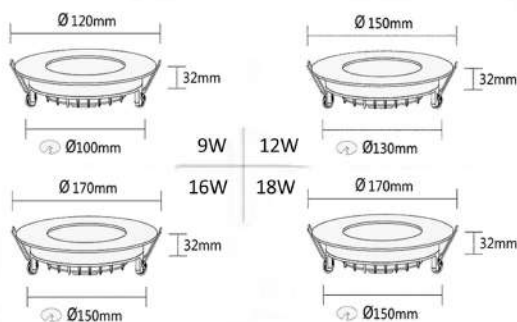

Toughened glass transmittance Higher 3%-5% than PC lens

All the electrical accessories have CE certification and conform to the IEC international standard

Applicable to various types of exhibition hall, 4 s store, brand stores, supermarkets, office building and so on

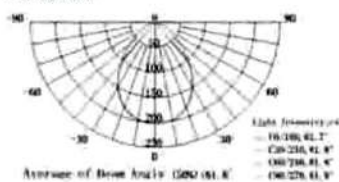

Product dimension

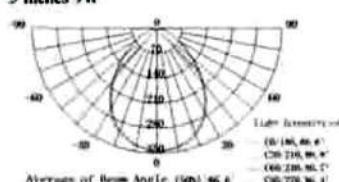

Model	Power	Source category	Applied voltage	Color temperature	Luminous flux (lm)
ML SPS10/9	9W	3528	85V~265V	3000K\4000K\6400k	830-1035
ML SPS10/12	12W	3528	85V~265V	3000K\4000K\6400k	1100-1380
ML SPS10/16	16W	3528	85V~265V	3000K\4000K\6400k	1560-1760
ML SPS10/18	18W	3528	85V~265V	3000K\4000K\6400k	1660-2070

Light

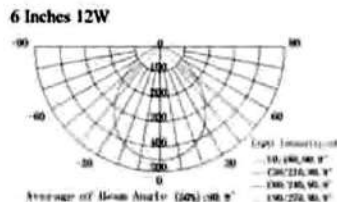

4 Inches 6W

5 Inches 9W

6 Inches 12W
